

Bx – sistemi costruttivi e soluzioni di finitura**B6** basamenti e zoccolature in pietra conca a faccia vista

B6.1- calcare o travertino in conci sbozzati alla subbia

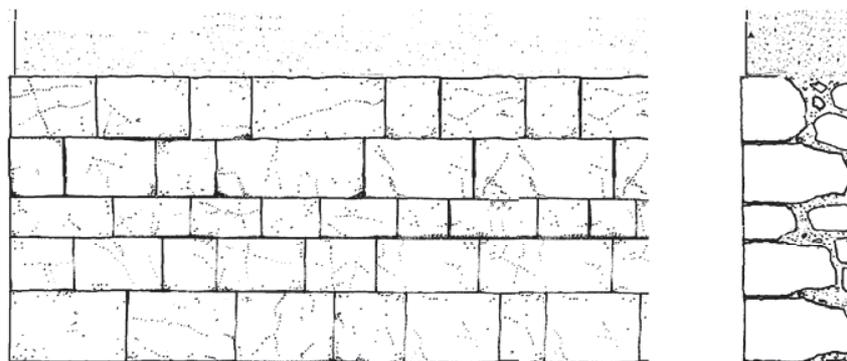

B6.2- calcare o travertino in conci squadrate

B6.3- basalto o travertino in lastre bocciardate

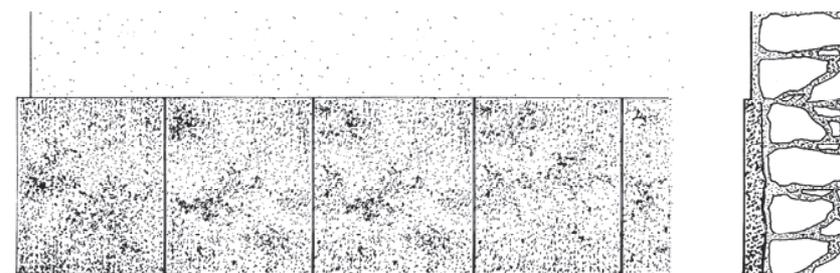

B6.4- calcare o pietra serena in conci bugnati

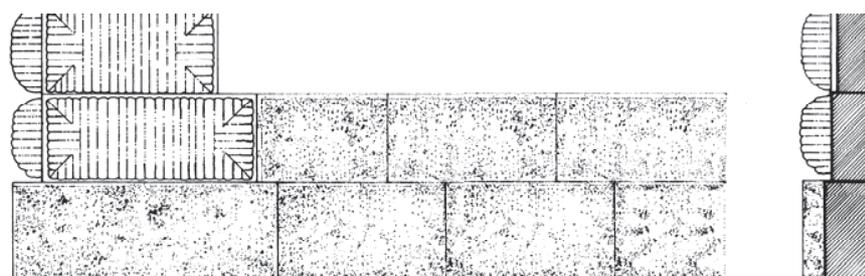

B6.1

B6.2

B6.3

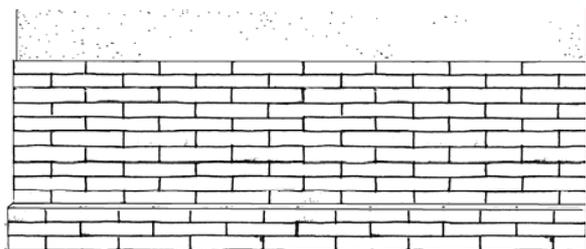

B6.4

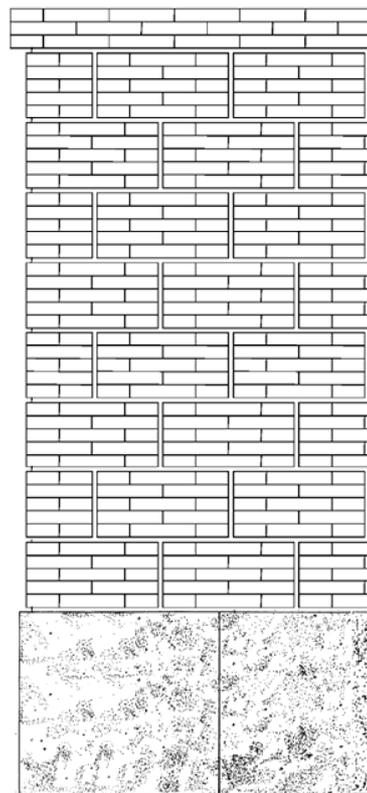

B7 basamenti e zoccolature in laterizi a faccia vista

B7.1- zoccolo in mattoni da cortina o sagramati

B7.2- basamento in conci bugnati di mattoni sagramati

B7.1

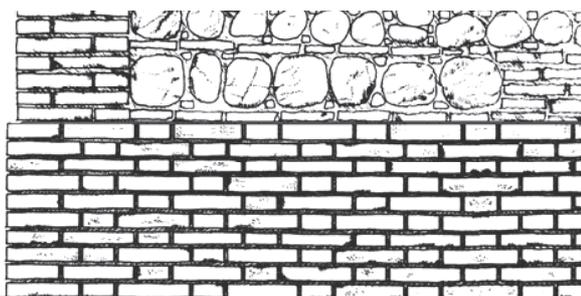

B7.2

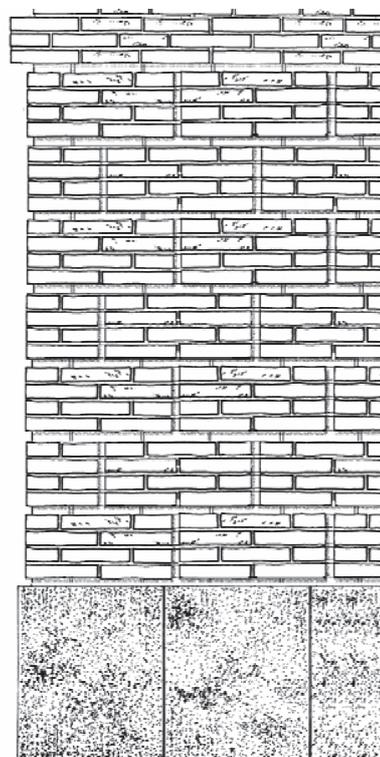

B8 basamenti e zoccolature in muratura grezza non finita

B8.1- zoccolo in mattoni grezzi

B8.2- basamento in bugnato di mattoni grezzi

B8.1

B8.2

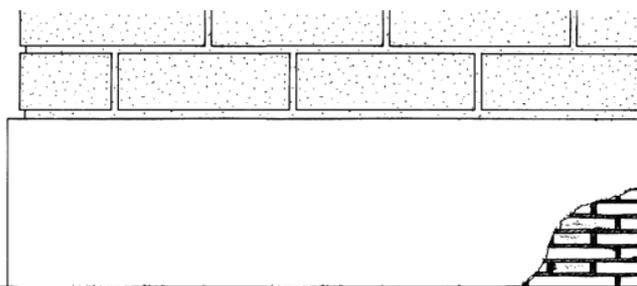

B9 basamenti e zoccolature in muratura intonacata e dipinta

B9.1- basamento con bugnato intonacato

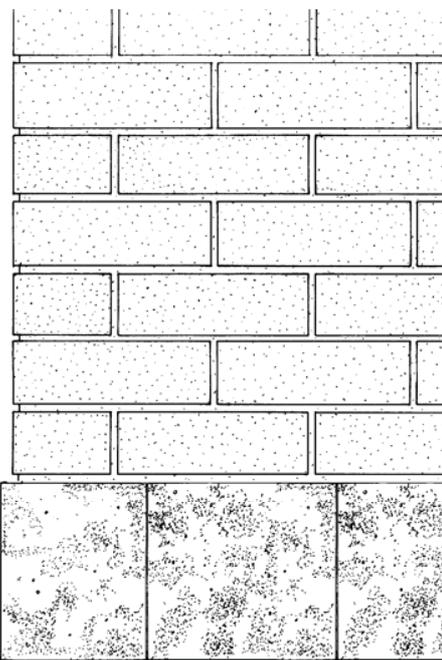

B9.2- zoccolo con bugnato intonacato

B9.3 - zoccolo con intonaco liscio

B9.4 - zoccolo con intonaco rustico “ai cretoncini”

B9.3

B9.1

B9.4

B10 - basamenti e zoccolature simulate pittoricamente a chiaroscuro

B10.1- zoccolo semplice dipinto

B10.2- basamento con bugnato simulato pittoricamente

B16 - modifiche recenti e soluzioni improprie

B16.3 - zoccolo liscio in lastre segate

B16.4 - intonaco liscio o bugnato decorticato indebitamente

B16.5 – mattoni stuccati impropriamente con malta di cemento

Dx – materiali e colori delle membrature**D2** - colori delle membrature intonacate

D2.1- bianco calcare o travertino

D2.2- grigio arenaria o basaltina

D2.3- giallo mattone

D2.4- colore proprio in tono su tono

Ax – tipi di membrature**A3 - membrature orizzontali**

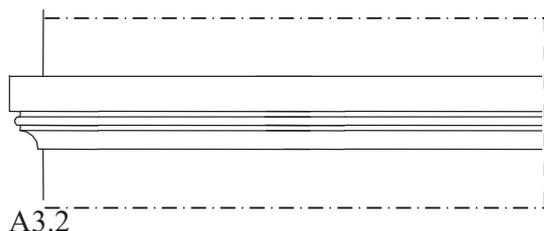

A3.1- cornice marcapiano su archetti pensili (beccatelli)

A3.2- cornice marcapiano

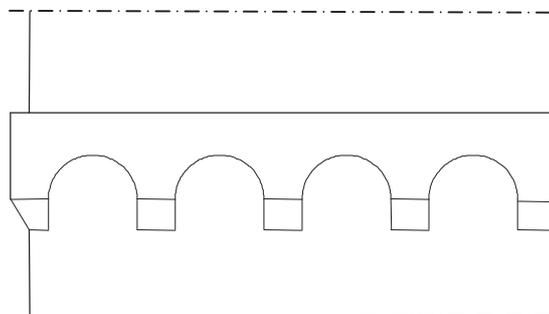

A3.3- trabeazione marcapiano

A3.4- cornice marcasoglia

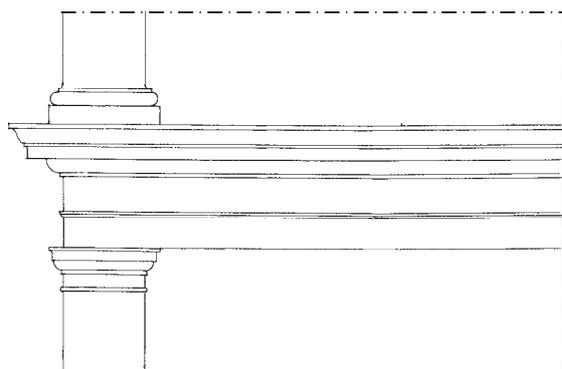

A3.5- parapetto marcapiano

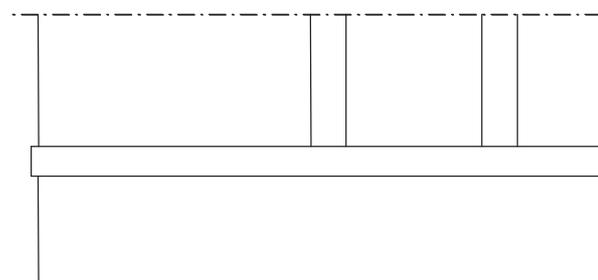

A3.2

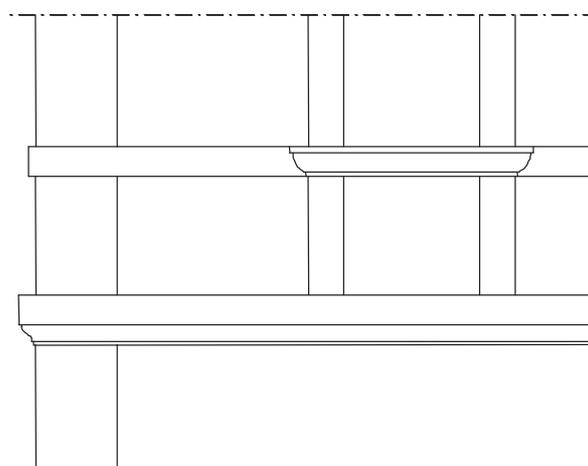

A3.1

A3.3

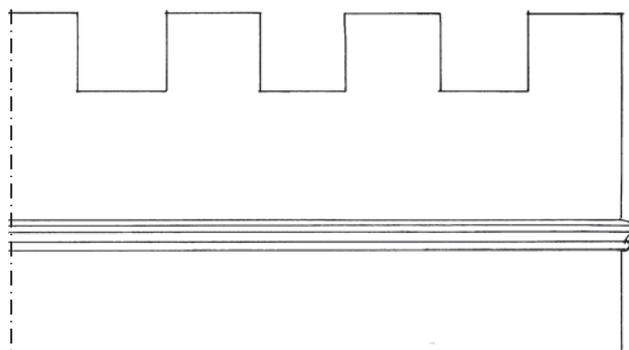

A3.4

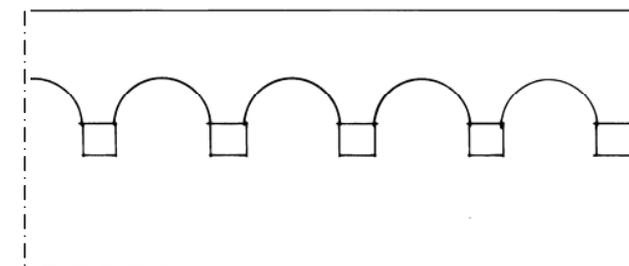

A3.5

A4 - membrature di coronamento

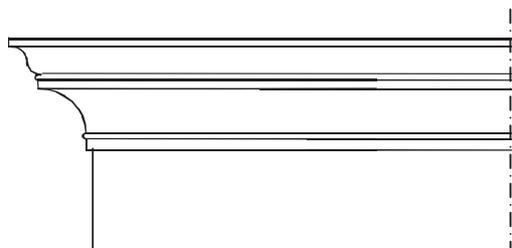

- A4.1- merlatura di coronamento a raso
- A4.2- cornice di coronamento su beccatelli
- A4.3- cornice sottogronda
- A4.4- trabeazione sottogronda
- A4.5- coronamento con parapetto ad attico
- A4.6- coronamento con fastigio a vela

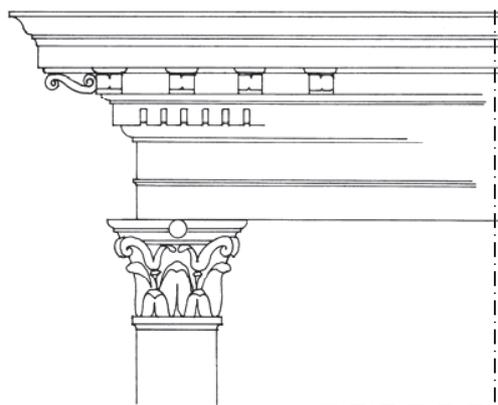

A4.1

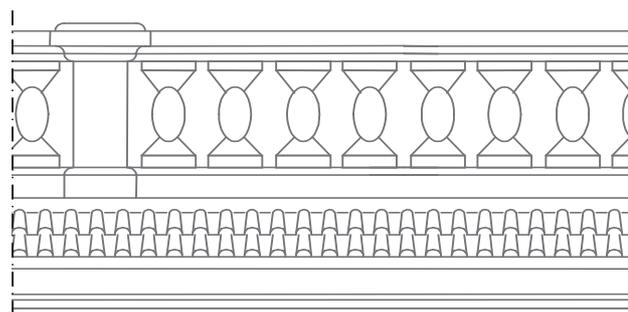

A4.2

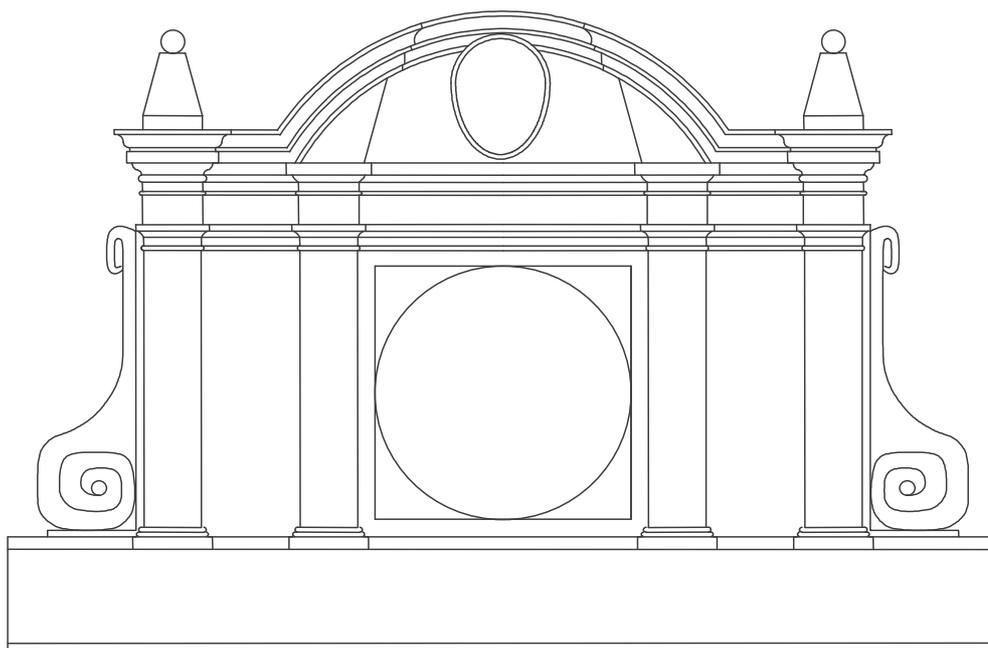

A4.3

A4.4

A4.5

A4.6

Bx – sistemi costruttivi e soluzioni di finitura**B11 cornici e membrature orizzontali in conci di pietra a faccia vista**

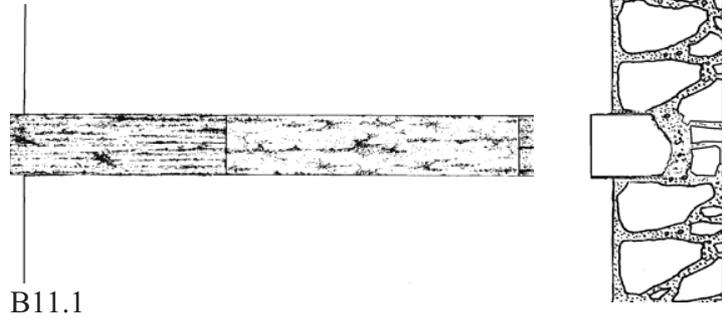

B11.1- in conci squadrati

B11.2- in conci modanati

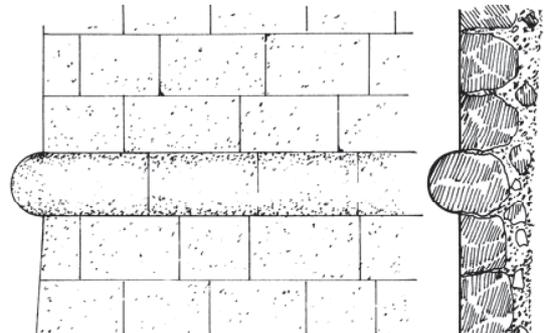

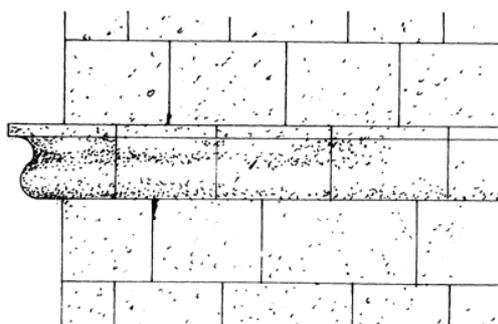

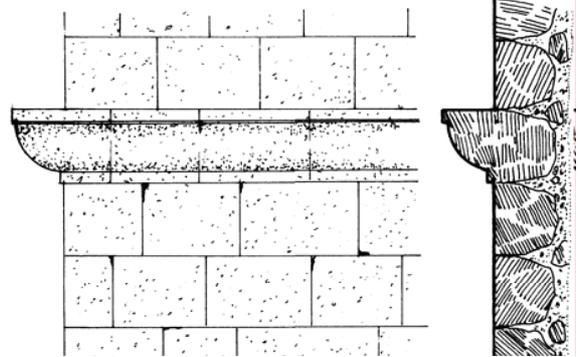

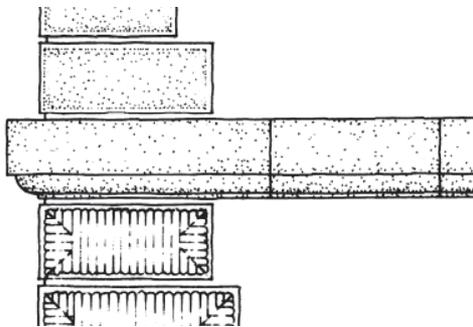

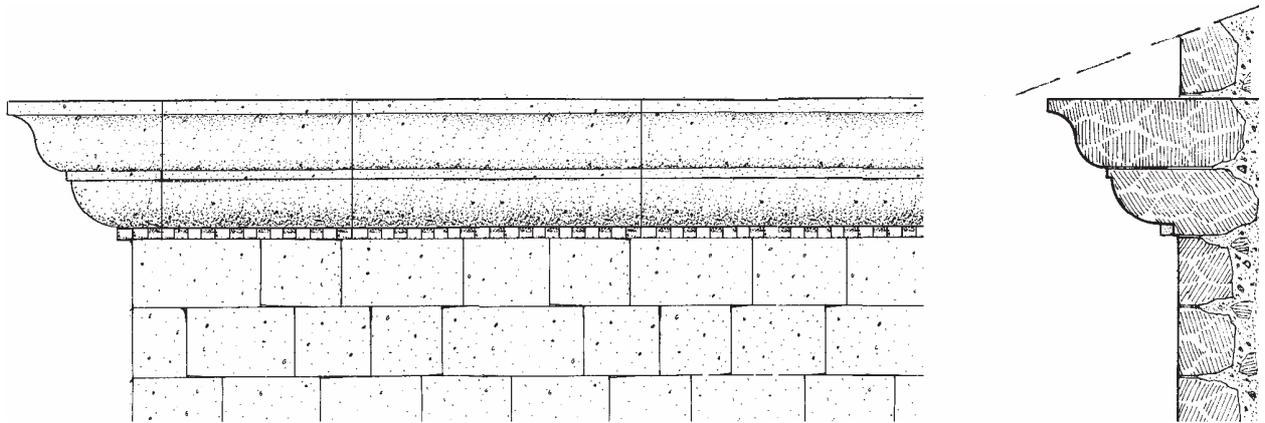

B11.3- su mensole

B11.4- con decorazioni intagliate

B11.5- su mensole e beccatelli

B11.6- con merlatura di coronamento
in conci squadrati o sbozzati

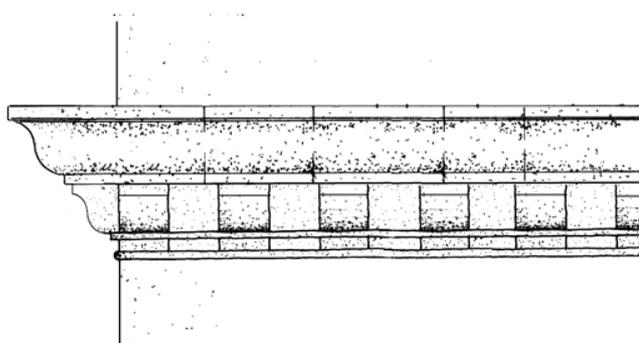

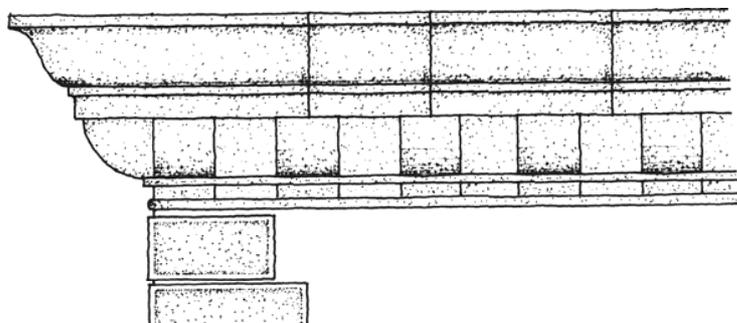

B11.1

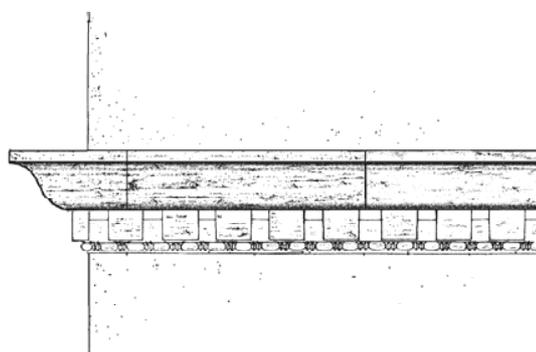

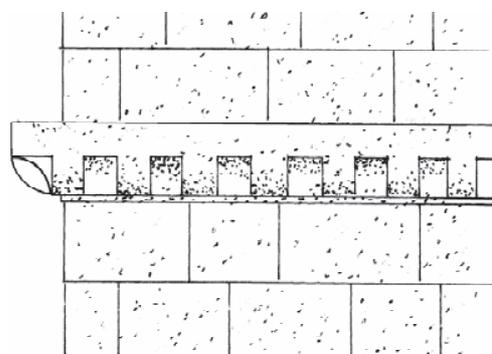

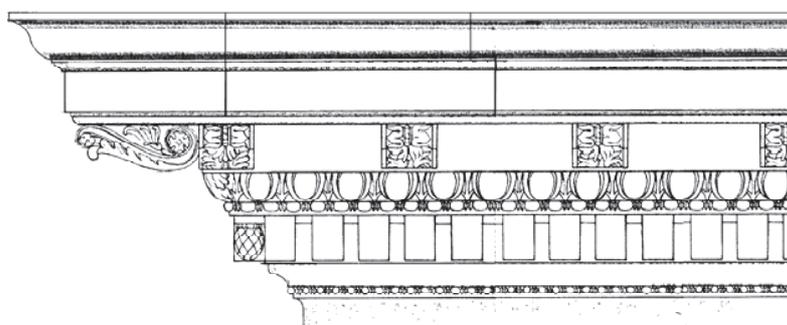

B11.2

Segue

B11 – cornici e membrature orizzontali in conci di pietra a faccia vista

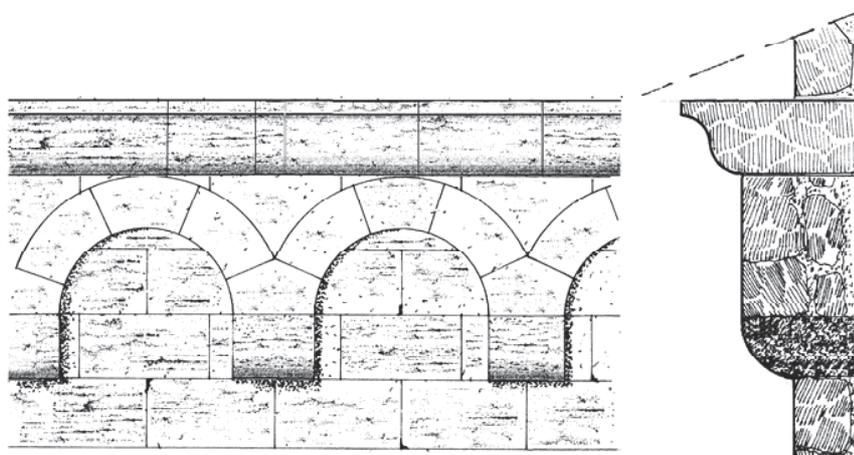

B11.3

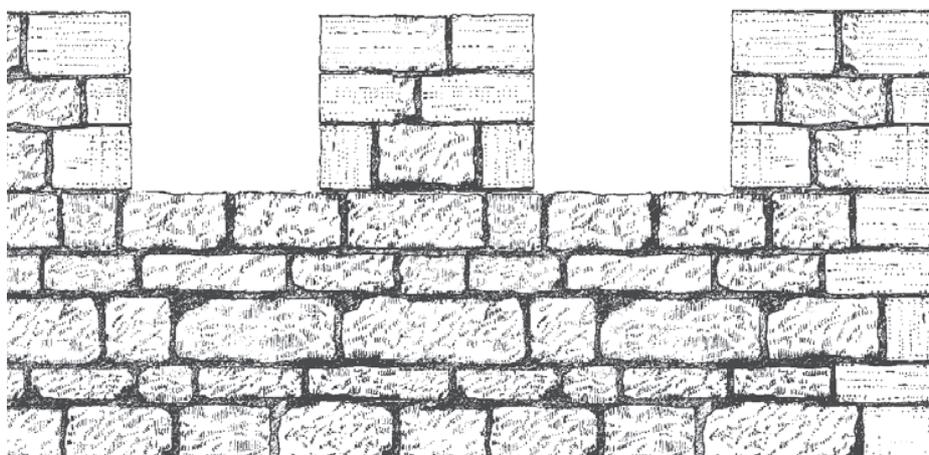

B11.4

Segue

B11 – cornici e membrature orizzontali in conci di pietra a faccia vista

B11.5

B11.6

Dx – materiali e colori delle membrature

D1 materiali lapidei a faccia vista

D1.1- pietra calcarea o travertino

D1.2- pietra arenaria o marnoso arenacea

D1.3- tufo vulcanico

D1.4- basaltina
