

Regione Umbria

Le richieste di personale selezionate da EURES Regione Umbria

EURES (EUROpean Employment Services - Servizi Europei per l'Impiego) è una rete di cooperazione tra i servizi per l'impiego dei paesi dello Spazio Economico Europeo (paesi dell'Unione Europea più Norvegia, Islanda e Lichtenstein), la Svizzera e altre organizzazioni partner.

La rete è coordinata dalla Commissione Europea e, a livello nazionale, dal Ministero del Lavoro/ANPAL.

EURES offre servizi di informazione, orientamento, incontro domanda-offerta di lavoro e si rivolge alle imprese e alle persone alla ricerca di un lavoro.

I cittadini interessati a lavorare nei 32 paesi aderenti possono accedere al **Portale Europeo della Mobilità Professionale** <https://ec.europa.eu/eures/public/it/homepage> per avere informazioni sulle condizioni di vita e lavoro e conoscere tutte richieste di personale disponibili.

La conoscenza di altre lingue è fondamentale per cercare lavoro in un altro paese, per questa ragione la maggior parte delle offerte sono pubblicate nella lingua richiesta.

**Da pag. 1 a pag. 7 una selezione di nuove offerte,
da pag. 8 a pag. 17 offerte già segnalate, ma ancora valide**

Per vedere tutte le offerte EURES disponibili:

<https://ec.europa.eu/eures/eures-searchengine/page/main?lang=it#/simpleSearch>

EURES GERMANY

The Migration Support Center (ZAV), a department of the German Federal Employment Agency, in cooperation with EURES, is recruiting and placing employees who are interested in working in Germany. On behalf of **several German employers** we are looking for:

RECEPTIONIST (m/f)

Our employers are hotels of different categories up to international hotel chains. Seasonal work as well as longer working periods are offered.

You may apply if you fulfill the following requirements:

- finished apprenticeship in the hotel and tourism sector and minimum two years of professional experience as a receptionist
- knowledge of established hotel reservation systems
- communicative and cultivated appearance, organizing ability
- knowledge of check in/check out, invoicing

GUIDE - 3 impieghi

Norvegia, Troms. 11 giorni fa

ID offerta di lavoro: 19331707000007 Malangen Resort is a resort in Balsfjord, Northern Norway, providing high quality accommodation, dining and activities for the corporate and leisure markets. This modern, purpose-built resort has an idyllic waterfront location on the picturesque Malangen Peninsula, just an hour's drive from Tromsø, the largest city in Northern Norway. During the winter season, we aim to be the leading Northern Lights resort in the Tromsø region, providing complete solutions involving transportation, accommodation, dining and Northern Lights adventures. Dette er den perfekte sted for forretninger eller fornøjeser, der tilbyder en unik kombinasjon av fjord og fjell og alt som trengs for et minneverdig opphold innen gangavstand. Accommodation is available in a choice of hotel room, apartment, sea-view cabin, Deluxe sea-view cabin or deluxe waterfront cabin - all offering a high standard of quality and comfort and spectacular views. Our restaurant specializes in North Norwegian cuisine made from fresh, locally sourced ingredients. Malangen Resort has a total of 86 accommodation units and can accommodate up to 360 guests. We offer a position in one of the leading activity resorts in the Northern Norway area with good career prospects, both nationally and internationally. Verdere ontwikkeling van onze medewerkers is ook belangrijk voor ons. Malangen Resort will give you a great opportunity to advance your career and serve as a great place to test and learn new skills. Malangen Resort has a total of 86 accommodation units and can accommodate up to 360 guests. We offer a position in one of the leading activity resorts in the Northern Norway area with good career prospects, both nationally and internationally. Verdere ontwikkeling van onze medewerkers is ook belangrijk voor ons. Malangen Resort will give you a great opportunity to advance your career and serve as a great place to test and learn new skills. GuideWe are currently looking for three (3) guides to guide our Northern Light Watches and snowshoeing and cross country skiing excursions. Do you share the enthusiasm of our guests towards the magical Northern Lights? Do you know how to capture this phenomenon with a camera and have a lot of good stories to tell in case of a cloudy night? Are you knowledgeable about the history and nature of the North? We are looking for guides who speak fluent English and preferably get along with Norwegian/ Swedish/ Danish also if needed. Skills in German, French, Spanish, Russian or Italian are highly appreciated as our guests are very international. The guides we are looking for have to possess at least B- driving license, have experience from driving on icy roads and have at least basic skills needed in the wilderness. Bus driving license is considered as a great benefit. Good first-aid skills and the ability to also use them if needed are extremely important. The person we are looking for is a hard-working team player who understands the meaning of extraordinary customer service and is willing to make that small extra effort to guarantee a unique experience for our guests. Did you recognize yourself from the description above? Send us an email with a CV to introduce yourself. Language skills: English, any additional languages spoken is a plus. Ore alla settimana: This is a temporary position until the 31th of August 2018.

ID offerta di lavoro: 10470447

Description

Do you want to be part of a team giving World Class Service & Support to Tetra Pak customers all over Europe?

In 2013 Tetra Pak Technical Service established a European Parts Centre for managing the orders and queries related to spare part for all customers in Europe. This team is based in Lund and consist of ~42 people. We service ~3900 customer sites in Europe & Maghreb in ten different languages. The position offers a great opportunity to make a true difference for our customers and will provide you with valuable experience in a fast paced, dynamic and international environment.

We are now looking for:

- A Italian speaking Sales Administration Officer to join our team and play a vital role in our success for servicing and supporting our European customer base.

The responsibility of the team is to handle all the administrative tasks for the spare part orders, from initial contact with the customer, to co-ordination and follow-up of transportation to the customer's destination. As a Sales Administration Officer you will be a key player in our organisation and for driving our customer satisfaction in a direction that aims to increase Service, Performance & Quality. To be successful in any of the positions you need to be a good communicator and have an excellent command in any of the languages mentioned above both written and verbally (fluent) to support our customer base in a professional manner. You are also fluent in English, both writing and verbal. Knowledge within the logistics area and IT will be considered as an advantage.

This is a **temporary position until the 31th of August 2018.**

Main responsibilities

Be the front-line operator in one or more languages

.Main point of contact for customers & market companies for parts orders and inquiries

.Respond to incoming orders and queries per phone and e-mail, utilizing a network of Tetra Pak colleagues & external partners for support

.Execute order administration tasks in SAP and other internal tools & systems

.Follow-up on orders, service level agreements and other key measurements

.Assure that transport to each customer is done in the right time, and at the lowest cost

.Work in close cooperation with the European market companies & other internal departments

Be the second-line operator in one or more of the following areas

.Issue purchase orders and follow up on deliveries from suppliers

.Preventive housekeeping of pending orders via our IT systems and reporting tools

.Participate in Daily Management and other activities to constantly improve the operation

.Responsible for driving and maintaining our Quality Management System (QMS)

Qualifications

In the position you will work with a dynamic team in a high-paced working environment. You will have extensive international contacts both externally with customers, suppliers and internally within Tetra Pak. Communication has to be pro-active, fast and accurate.

As a person you are service minded, result oriented and can easily and on a detailed level understand work instructions, work processes and administrative tools. You can work independently and together with others towards set goals. You have excellent communication and networking skills, customer service being your leading star. You have the ability to take initiatives and drive for changes. You are a team-player and enjoy co-operating with others to solve the work tasks in the most efficient way.

Please complete and submit your application in English online at www.tetrapak.com no later than August 15, 2017.

For further information about the position, please contact Ernesto Zegarra at +46 46 36 1209.

Regulatory affairs specialist- Biological assessment dossiers - 1 impiego

Danimarca, Syddanmark.

Informazioni sull'impiego

Livello di istruzione richiesto: Non specificato

ID offerta di lavoro: 4566259

Agrolab is recruiting for a Regulatory affairs specialist to write Biological assessment dossiers, comparative assessments and provide label support.

In this role you will be responsible for compiling efficacy data, writing Biological assessment dossiers and provide help within scientific and regulatory issues in the field of efficacy and labels to support our chemical and biological agricultural clients. This position is maternity replacement, with possibility to prolongation.

Major Responsibilities

Principal duties and responsibilities include, but are not limited to:

- Preparation of Biological Assessment Dossiers in support of product (re-) registration submission in accordance with EU Directive 91/414/EEC and EU Regulation 1107-2009-EC.
- Preparation of comparative assessments
- Assess scientific and biological data for agrochemical products in lots of different countries
- Coordinate and identify data and studies required to support registrations for clients
- Identify and interpret changes to the efficacy regulations and recommend strategies to encompass them in day-to-day operations
- Collaborate with colleagues from other disciplines and functional groups

Your qualifications Minimum MS degree, preferably in Chemistry, Biology, Agricultural Science, or another relevant scientific subject.

- Strong written and verbal communication skills, including the ability to synthesize data and develop recommendations
- Ability to handle large datasets
- Experience with strategic thinking, operational excellence, communication and networking to drive results
- Strong problem-solving ability
- Sound judgment, planning, project management and organizational skills
- Knowledge of crop protection industry: technical, commercial, farming techniques, crop specific issues

- Knowledge on The Classification, Labeling and Packaging (CLP) Regulation appreciated
- Experience with dossier submission and procedures for PPPs appreciated (e.g zonal authorisations, mutual Recognitions, art 43)

What we offer Agrolab offers an international and dynamic working environment with good opportunities to develop professionally and personally. At Agrolab, we value our employees. Cooperation based upon confidence, straightforward communication and clear objectives gives job satisfaction and good colleagues. We wish to motivate our employees to take responsibility and influence their own work situation.

Engineer for Industrial Product Development - 1 impiego

Danimarca, Midtjylland.

Informazioni sull'impiego

Livello di istruzione richiesto: Non specificato

Durata del contratto: Permanente

Tipo di contratto: Tempo pieno

ID offerta di lavoro: 4566241

Do you have a genuine interest in industrial product development and new technology? And are you experienced within development and construction of isolating glass units and components? In addition, would you like to be part of a company that leads the market in sustainable indoor living? Then this position might be the next step in your career. Your challenges You will participate in optimisation projects related to existing isolating glass units for VELUX roof windows. Through the projects you will work closely with other development teams and production sites in the VELUX Group and you will get a unique opportunity to follow the optimisations from early idea to production. Your primary tasks will be to: - Run cost and quality projects according to our stage gate process - Participate in idea generation sessions and cost out activities through value engineering - Coordinate tasks for our pane system within construction, production, technology and market - Coordinate test running - Make up-dates of item lists and the production basis - Perform 3D construction notation including You will be joining a strong team of engineers and constructors focusing on quality and cost optimisations of existing VELUX products. Our team is based in Denmark (Østbirk) close to Horsens and the E45 motorway. Your qualifications We expect that you are an engineer – maybe a construction engineer - or that you have a similar relevant technical education. Preferably you have a couple of years of experience with isolating glass units or glass product development and construction, but this is not a requirement if you have flair for technique and that you would thrive on working with development and construction of isolating glass units, glass and components. Feeling at home in a project oriented development organisation, your strong point is your great interest in identifying new solutions that create business value. You drive innovation and it is natural for you to seek new ways. You are a creative 'out of the box' thinker with a good eye for details, observing deadlines - always with a focus on how to create value for the business through quality, agreements and deadlines. As a person, you are a team player with a constructive mind-set motivated by finding the best solutions in close collaboration with production and technology development. People often describe you as result oriented with a natural interest for ensuring progress. On top of that, you have an open and forthcoming manner and you collaborate easily with people around you at all levels. Proficiency in 3D CAD and Microsoft Office is necessary as well as fluency in English both verbally and in writing. Your opportunities You will join our product development team and through participation in many challenging and different tasks you will have an opportunity to influence your own job. In addition to operating at a highly professional level, our team is characterised by an informal tone and a healthy sense of humour with respect for each other both as team players and as individuals. We work as one team to reach our ambitious results. The international setting is in our DNA, we believe in empowering people, and we support this through sharing knowledge, delegating responsibility and continuous employee development. We are a strong value based company where commitment, thoroughness and mutual respect are among the core values and teamwork and professionalism is essential to the way we work. Application We look forward to receiving your application and CV in Danish or English as soon as possible and **no later than 20 August 2017**. First round of interviews will be conducted on 25 August and second round on 29 August – both interviews will be in Østbirk.
