A map of the Ligurian Sea (Mar Ligure) in Italy. The sea is filled with a blue horizontal line pattern. The coastline of Liguria is visible, with several islands and peninsulas. Some land areas are filled with a green diagonal line pattern, and others with a red cross-hatch pattern. A red dot is located on the eastern coast of Liguria, near the border with Tuscany. The text "Motoclub Enrico Scorpioni" is written in red next to the dot.
